## **Footnotes**

- |     |   |
|-----|---|
| (1) | Base or noble metal is the benefit. If high noble metal (precious) is used for a crown, bridge, cast post or core, inlay or only, the Enrollee will be charged the additional laboratory cost of the high noble metal. Additional laboratory costs also apply to a titanium crown.  |
| (2) | Porcelain on molars is considered optional treatment  |
| (3) | Includes any adjustments for 6 months.  |
| (4) | Services include initial examination, diagnosis, consultation, initial banding, 24 months of active treatment, debanding and the retention phase of treatment. The retention phase includes the initial construction, placement and adjustments to retainers and office visits for a maximum of 24 months. For treatment plans extending beyond 24 months of active treatment, the Enrollee will be subject to a monthly office fee, not to exceed \$75.00 per month. |

## **Listed Procedures**

If services for a listed procedure are performed by the assigned Contract Dentist, the Enrollee pays the specified Copayment. Listed procedures which require a Dentist to provide specialized services, and are referred by the assigned Contract Dentist, must be pre-authorized in writing by Delta. The Enrollee pays the Copayment specified for such services

## **Optional Procedures**

Optional is defined as any alternative procedure presented by the Contract Dentist that satisfies the same dental need as a covered procedure, is chosen by the Enrollee, and is subject to the limitations and exclusions of the program. The applicable charge to the Enrollee is the difference between the Contract Dentist's "filed fee" for the Optional procedure and the "filed fee" for the covered procedure, plus any applicable Copayment for the covered procedure. Optional treatment does not apply when alternative choices are benefits. "Filed fees" mean the Contract Dentist's fees on file with Delta. Questions regarding the DeltaCare program should be directed to the Customer Service department at (800) 422-4234.

## **Emergency Dental Coverage**

The Contract Dentist shall provide emergency dental care for a covered procedure which is required while an Enrollee is within 35 miles of the facility of the Contract Dentist. If an Enrollee requires emergency dental care and is more than 35 miles from the facility of the Contract Dentist, then Delta shall reimburse the Enrollee for the cost of such emergency dental care which exceeds the Enrollee's Copayment up to a \$100.00 maximum per any 12 month period. Emergency dental care shall be limited to listed procedures, and as described in code D9I10 above: "Palliative (emergency) treatment of dental pain." Any further treatment of the cause of such emergency dental care must be pre-authorized by Delta or provided by the assigned Contract Dentist.

## **Unlisted Procedures**

Procedures not listed above are **not** covered, but may be available at the Contract Dentist's "filed fees".
